# Pat Tantalo

IATSE  
Local 477

Having been in the special effects industry for over 25 years I have become quite well versed in all aspects of the entertainment industry. I have served as Effects coordinator for several motion pictures as well as department head for Landmark Entertainment-Roboshop. I have worked with and for many of the industry greats in my long career, and I attribute my knowledge to the many great craftsmen I have spent time with.
